

Warde Cross Country Summer Fund Raiser

We are going to try something new this summer, as our booster account is in need of a boost. This summer, we are going to ask people to sponsor your summer mileage. There are three goals here:

- 1) Encourage you to train over the summer
- 2) Raise money for our team
- 3) Donate 25 % of raised money to a charity of the team’s choosing

How does it work?

- 1) Contact family, friends, etc. and ask them so either donate an amount per mile, or a flat rate for all of your summer running. The goal is to get 5 people to sponsor your running, if you get more, great! Use the following chart to keep track of who is donating:

Name of Person	Donation per mile, or flat rate	Amount	Total amount collected

- 2) At the end of the summer, collect money for donation, checks made out to Fairfield Warde High School.
- 3) The athlete who collects the most money in donated revenue will earn an immediate spot on the Warwick trip this fall.
- 4) The team will decide on a charity for 25 % of collected revenue. During the season, we will donate the money to the charity.
- 5) Have a successful running season in the fall!
